### The Purple Cipher Is a Mystery Story

Whether you are a "Movie Fan" or not you've heard of Earle Williams for he is rapidly springing to notice

icreen. In his picture, "The Purple Cipher" which comes to The Lyric Theater today for three days you will see him at his very best. Mr. Williams has won the title of the perfect love maker and, woven into this wonderful romance by Will F. Jenkins is ample opportunity for him to display his apiltude in this delightful Many a young man has successfully patterned after Earle Williams in pursuit of the girl of his choice. It is said that this picture shows a new idea in love-making which will appeal to youth the world over.

The Vitagraph studio's permanent street set was enlarged to twice its iormal size to permit the staging o ~ this picture. It was redone at great trouble and expense in order that the thrilling Chinatown scenes might be made true to life. United States submarines play an important part in the final climax and taken all in all the picture from a spectacular viewpoint is both alluring and interesting. Drisp action permeates the production throughout. Tense situations abound. There is not a single dull moment. See this picture today, tomorrow and Saturday at the Lyric.

WELL known Lima business man, a prominent Republican, in this office yesterday, discussing the political situation, stated that he was "satisfied with the position taken by Warren G. Harding, the Republican n ince for the Presidency, but added that he "couldn't understand how any Republican can vote for Harry L. Davis for Governor."

REPUBLICAN STATE OF MIND

This is a severe arraignment of Davis and reflects the Republican state of mind as it appears to exist quite generally in Lima. It is quite a noticeable fact that little or no effort is being made by Republican headquarters, by the Republican press or by the G. O. P. workers or speakers in behalf of Davis for Covernor.

When the business man referred to was asked how he could reconcile the many different and contradictory positions Senator Harding has been charged with assuming on the question of the League of Nations-one day for it and the next day against it, he stated that he did not believe the Senator was guilty in that

If the b. m. wants proof positive, he needs only read the daily press, Republican papers included. He will find that Root and Taft and nearly thirty other distinguished associates are proclaiming that the election of Harding means the adoption of the League of Nations covenant with reservations, while Johnson, Borah and other senators are declaring with Harding that the League Covenant and all reservations are to be "scrapped." It is understood that Senator Johnson is to visit Lima for a speech before election day. If he does come to this city and repeats what he has said everywhere he has appeared, he will say that Harding has declared for the "scrapping" of the League.

Somebody in the Republican camp is cheating. It's Johnson and Borah and Harding, or Taft, Root, Hughes et al. Somebody is trying to fool the Republican voters; either the pro-Leaguers or the irreconcilables. Harding's change from one position to another on the League are of such a kaleidoscopic character that he really doesn't know himself where he is at, but Johnson and Borah appear to have the most prominent brand on the Marion maver-

O NE of the most important offices within the eift of the the gift of the people of Allen-co is that of County Surveyor. The Democratic nomince for the post which requires ability of a most pronounced character in the tasks of civil engineering is Edgar V. Smith, whose ability is unquestioned and whose service is engineering work has been of a character that recommends him in an exceptional manner for County Surveyor.

Mr. Smith was employed for 15 years on the Rock Island R. R. and the Ohio Electric R. R. in engineering work and also in municipal and county work and with the State Highway Department. As an assistant to Engineers Miller and Cupp his work was of a most satisfactory character. He is a member of the Ohio Engineering Society and of the American Association of Engineers.

Any work that may be delegated to the office of the County Surveyor, in the matter of

#### 0 0 0 0 CAMPAIGN VENOM

R PUBLICAN campaign orators and Remission name publican newspapers have been having a great deal to say about the enormous waste of money during the world war period of President Wilson's administration.

We have been told that the people of the country had to pay for all this loss because a Democratic administration had been voted into power. Let us look the facts squarely in the face. Every abnormal fortune in this country up to 1890 had its foundation in the civil war during a Republican administration while the immortal Lincoln was President, but he was not to blame for what occurred. The shame and disgrace that accompanied the letting of government contracts during that four year period is well remembered. But fairminded America did not hold the President responsible. During the Spanish-American war in 1898; while William McKinley was President, cabinet officers and hig. government officials were involved in government contracts which caused the wholesale poisoning of our soldier boys with embalmed beef and other rotten government food. But was President McKinley blamed? He was not.

Whatever may be said of the present administration, our soldiers at home and overseas were provided with wholesome food. It is unjust to President Wison when such bitter untruths are being circulated by the Republican press, with the implication that if the Republican party had been in power there would have been no waste of the people's money.

President Wilson is as much a casual of the war as any soldier injured in battle or a victim of disease as a result of such service And what community would long tolerate the presence of anyone who would now go about attacking a wounded soldier?

#### 0 0 0 0 0 A WORD TO WORKINGMEN

THE workingmen of this county, no less than their brothers in the state and nation, are confronted this year by the greatest opportunity, of all time to place their seal of approval upon past performances of a party which has favored them honestly and sincerely. The record of Governor James M. Cox, in Ohio, and the substantial record of achievement of the Democratic party auring the last eight years, stand out in a conspicuous manner in the closing days of this presidential campaign. Reactionary leadership which nominated Warren G. Harding, is seeking to disrupt every good thing that has been accomplished; to emasculate progressiv measure and restore "the good old days." Workingmen have a right to think about this thing, and they are thinking about it, too. Not only their personal affairs, but the affairs of their families and their own hearthstones, are involved in the vote which will be recorded in this country on November the second. 0 0 0 0 0

## The Voice of France

Straddling, dodging, evading, Senator Harding, cornered at last, faces the tidal wave for the League of Nations. Realizing this, he now In Sheer Desperation says:

"France has sent her spokesman to me, informally, asking America in its new realization of the sinuation to lead the way for an Association of Nations.". . . Greencastle, Ind., Speech, October 15th.

On being brought to account for this amazing statement, he would not namethis"spokesman representing France."

The French Embassy at Washington has officially informed the State Department of the United States that the French Government has not consulted Senator Harding, either formfally or informally.

Senator Harding stands convicted at least of gross misrepresentation. But there is a

LEADER STORE FIRE SALE ATTRACTS HUNDREDS OF PERSONS

With such crowds that it was necessary to lock the doors to keep the people from jamming the store, the fire, water and smoke sale being conducted at the Leader Store proved one of the greatest attractions ever staged in Lima in the nature of a sale.

Before the doors opened at 7:30 Wednesday morning, more than 800 people were waiting to be admitted. When the doors were thrown open, the store was filled in 15 minutes until it was necessary to lock the doors for over an hour until the several hundred people in the store had been waited upon. This process of locking the doors was found necessary thru the entire day, the doors being merely opened long enough to allow the

Police were detailed by Chief Roush to maintain order, and no trouble was reported to the police department except that a number of out-of-town shoppers parked cars in the safety zone near the store.

Of the cut-of-town visitors who visited the store, the greater number were from Bellefontaine, Van, Wert, Kalida, Ottawa, Leipsic, Belle Center and smaller nearby towns,

## REFUSE NEW PLANS

NEW YORK.—The minor leagues will refuse to become a party to the reorganization of baseball under the proposed Lasker plan, unless radical changes are made in the scheme, it was learned here today. Minor league officials, who have been investigating the Lasker plan for the appointment of a new national commission, claim the system provides for government without representation and restoration of the draft, which the minors have been fighting for years.

Several conferences have been held in various parts of the country and it has been informally decided to oppose the plan, unless it is altered before offered to the minor leagues at their annual meeting at Kansas City next month.

It is claimed that under the Lasker system the minor leagues, which control more players and territory baseball than the majors, are literally without voice in the proposid government of the game, regardless of their apparent right of representation on the commission.

### AMERICA FIRST

By Will H. Hays

The forward march to Republican victory moves on irresistibly. The reason is summed in two words—"America First." That means more than the preservation of our national independence against super-government abroad. It means more than the protection of constitutional functions against White House theft of authority at home. It means that the pressing domestic problems of "America First" are in the public mind and that these domestic problems are again to have progressive and constructive and effective attention at Washington.

We must and we shall do our whole duly by the world's peace, with an eye to "America First." But the electorate refuses to forget that the Wilson league—a contract for international war parading in the clothes of peace—is only one score of utter failures and betrayals which November's "solemn referendum" must settle. It refuses to keep its eyes riveted on Europe. It refuses to ignore the driving domestic problems, close to every hearth-stone before which the Democratic party has stood impotent and confessed bankruptcy.

It is thinking of "America First" and all the accumulated work in Washington which cannot much longer be denied effective attention if "America First" is to last. It is thinking of these throttling taxes which must be speedily changed—and reduced as quickly as possible—if American prosperity is to

It is thinking of intelligent and effective efforts to reduce high living costs with least possible disturbance to mass earning power.

It is thinking of the real prosecution of those real profiteers who have thus far escaped under cover of much federal noise and precious little federal

It is thinking of government at Washington reduced to a business basis, with wanton extravagances cut off and political pensioners separated from the public crib. It is thinking of guarantees for industrial justice to the end that there may be industrial peace. It is thinking that housing and agricultural problems must be faced and courageously solved; that tariffs must be made safe in their protection of American markets in the world trade war now opening; that the extraordinary and burdensome war-time powers of the government must be eliminated so far as possible; that we get back to the limitations. of the Constitution in times of peace and stay there; that Washington must no longer he a laboratory for experimentation in every socialistic nostrum; in a word, that we must speedily set our own house in order, that we must face to the front and move out with a forward-stepping program—eyes ahead, but feet on solid ground,

Democratic campaign strategy desperately but vainly seeks to escape its just and due responsibilities for failures in these domestic regards. Democratic management attempts to hide behind a "peace" smoke-screen, which is as counterfeit as the 1916 pledge that they would "Keep us out of war."

But "America First" is uppermost in the American conscience today and it means that the American voter is intent upon making America safe at home as well as abroad. As sure as sunrise, the electorate, six days hence, will complete the job of Democratic repudiation and American salvation which it so vigorously and so necessarily commenced two years ago.

said today--

"Nothing But The Truth"

Is a side-splitting comedy and written in true Cohan style. The Coit-Alber system featured this play at the 1920 Lima Chamtaugus under the direction of the famous Percival Vivian Players. It was a scream throughout. I heartily recommend this drama as a cure for the most pronounced case of blues."

WHOLESALE OUT ANNOUNCED

Cloth and Lumber Mills Are Closing Down

Prices are doing a Humpty Dumpty fall. Employment is still sisckening. Evidences of this were posted yesterday in several sections of the country.

In St. Louis several wholesale

companies announced reductions in dry goods prices in some instances as high as 50 per cent. Declines in the cost of materials at the mille and a general price readjustment were the reasons ascribed. As examples of the St. Louis cuts, gang-ham, which recently sold at 15 cents a yard wholesale, now is of-fered at 17 cents; percale, which at the peak struck 30 cents a yard, now is going at 12 1-2 cents, or 2 1-2 cents below the prevailing milprices As to silks, goods which at the peak, brought \$5 a yeld are now as low as \$150. These, it should be remembered, are whole-

sale prices, not retail.
MORE WAGES ARE CUT At Greenville, S. C., several large cotton mills, following the example of New England plants, announced reductions of 10 to 20 per cent in wages in order to keep going. New York thin the department

of justice, announced reductions to the prices of notels and restaurants. In the "white light" sector special table d'hote dinners were cut from In Chicago one significant touch was the blossoming of new signs in some of the loop tailor shops. Windows which for months have exhibited suitings marked \$100 a

suit now display goods marked \$50

and \$85 The goods may be differ-

ent, but the emphasis is on lower prices 200 LINE UP FOR JOBS Signs of growing unemployment cropped up in many quarters. One large department store reported that more than 200 applicants for cierical jobs lined up at its em-ployment office. It had not experienced any such rush in the last 18

only four days a week, starting Monday, because of lack of orders Some other concerns are going to half time and less. Word from New England is that workers in the textile industry are now working on an average, not more than half time. On the west side in Chicago slackness of employment in the garment industry is growing, while in tow York it has reached large pro-

wood producing center, says only one of its twenty-seven lumber mills will be operating by November 1. Some of this is seasonal, but much more is caused by lack of orders. The slump in building, in furniture factories, in phonograph plants, and other lines using hardwood is now backing until it reaches the logger himself and throws him

out of work—so close is he eco-On the Pacific coast saw mill production is expected to be curtailed 50 per cent by the end of the month Despite low mill prices, stocks are poling up at the mills the retail yards not buying in usual volume, because of the uncertainty and also because of high cost stuff

NEW YORK — Traders sold quite freely at the opening of Thursday's stock market, assuming a more aggressive attitude on the unexpected delay in the settlement of the British coal strike. Oils, steels and equipments were again most susceptible to pressure, shippings, rails and specialties also yielding. Mexican Petroleum hooke 2 points in early dealings and Royal Dutch fell 1.3-8. Bethlehem. Crucible, Lackawann Republic Steels forfeited large fractions with American Locomotive. Atlantic with American Locomotive. Atlantic Gulf, International Paper, International Agricultural preferred, Chandler Motor, Retail Stores and American Sugar also were reaction-

No branch of the stock list was exempt from the active selling movement of the morning, fully 200,000 shares changing hands in the first hour. Steels dropped 1 to 3 points with as much for oils. Equipments, motors and shippings lost 1 to 2 1-2 and Chemical, Food, Paper and To-bacço specialties were lower by 1 to 3 1-2. Among rails losses were limited to a point. Cables received betore noon announcing the virtual termination of the coal strike effected only slight recoveries and failed to stimulate exchange rates on London. Following its course of the two preceding sessions, call money opened and renewed at 9 per cent.

Carry Tool Boxes and Kits?

Do you use guaranteed butter?

WHAT kind of a guaranty is back of the butter you are using? Does it have to be noticeably off flavor for you to have your money refunded? Not so with Golmar. Your money is refunded if you say you are not satisfied.

We make this strong guaranty, with the expectation that you will make Golmar prove to you that it is as good in every way as the freshest and best creamery butter. We ask you to use Golmar as you use creamery butter, and if it isn't as satisfactory, then your money is refunded without a question.

We challenge you to tell any difference between Golmar and the freshest creamery butter. We ask you to use Golmar on your table and in your cooking. It is the modern butterspread — delicious, fresh, wholesome, and digestible.

Golmar is made of vegetable oils, the best oils from the cocoanut. But it costs much less than creamery butter, because it is cheaper to grow cocoanuts than to feed cows.

Golmar is churned daily and comes to you always in perfect condition. Furthermore, it will stay fresh amply long enough for a small family to use a

Why not try Golmar? Certainly you will want to use it if it is as good as we claim. And if it is not, then your money is refunded without a question. Ask your dealer for it today.

### The Famous Golmar Test Example No. 15 Golmar on Peas

DREPARE two portions of peas, one with Golmar and one with fresh creamery butter. Serve them on your table, and try them yourself. Take a portion of one and then of the other. We challenge you to tell which is prepared with Golmar. Golmar is the equal of and is equalled only by fresh creamery butter.

The same coloring matter used in creamery butter is supplied with Golmar so you can color it at home and save the tax of 10 cents per pound which the Government would collect if Golman were colored by the makers.

### The Housewifes Burden

When a woman is almost distracted from overwork, her home is in disorder, crying children, and on top of all is suffering from backache, bearing down pains, or some other form of feminine ills, then she should remember that hundreds of women in just her condition have been restored to health and regained their youthful strength by taking Lydia E. Pinkham's Vegetable Compound and not rest until she has given it a fair trial.

#### Proof that it Restored the Health of These Two Women

Cairo, Ill.—"Some time ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me and I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several dectors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly one grand medicine."-Mrs. J. R. MATTHEWS, 3311 Sycamore Street, Cairo, Ill.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep up. It strengthened my back and relieved me of the ill effect which so often develops at such times. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy, fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women take Lydia E. Pinkham's medicine and be strong? I will be glad to have you use my name if it will be the means of helping any one."—Mrs. R. A. FAIRBURN, 606 Orchard Knob Ave, Chattanooga, Tenn.
